

NOTICE OF SPECIAL STATE ELECTION.

Notice is hereby given that pursuant to an act of the 46th general assembly of the state of Missouri, approved March 24th, 1911, an election will be held on TUESDAY, AUGUST 1, 1911, at the various polling places in said state for the purpose of the ratification thereof by the voters of said state of an act, in words and figures as follows:

PROPOSAL OF AN ACT OF THE 46TH GENERAL ASSEMBLY OF MISSOURI FOR THE RATIFICATION THEREOF BY THE VOTERS OF SAID STATE AT AN ELECTION TO BE HELD FOR THAT PURPOSE ON TUESDAY, AUGUST 1, 1911.

Said act of the general assembly being in words and figures as follows, to-wit:

AN ACT
Authorizing and directing the contracting of the liability of the state of Missouri by the issuance of its state bonds in a sum, not to exceed three and one-half millions of dollars, and for the sale of said bonds, to provide means for the building, furnishing and other equipment of a new state capitol at the present seat of government of the state, and for the purchase of additional state capitol premises, and also providing for the payment of said bonds and interest accruing thereon.

Be it enacted by the General Assembly of the State of Missouri, as follows: Section 1. That the contracting of the liability of the state of Missouri by the issuance of its bonds in an aggregate sum, not to exceed three and one-half millions of dollars (rendered necessary by the unforeseen emergency of the destruction of the state capitol by fire), is hereby authorized and directed, said bonds to be in the denomination of one thousand or five hundred dollars each, or of both said denominations (as the state board of fund commissioners may determine) and be payable thirteen years from the issuance hereof, shall be payable to bearer in lawful money of the United States, and shall bear interest at a rate not to exceed three and one-half per centum a year (as the state board of fund commissioners may determine), payable semi-annually on the first days of January and July of each year, and to that end suitable coupons shall be attached to each bond for the payment of said interest; each coupon shall have a facsimile of the signature of the state treasurer engraved thereon. Said bonds shall be redeemable at the option of the state after eight years from date, shall be signed by the governor, and be countersigned by the secretary of state, with the great seal of the state attached, and shall be registered by the state auditor, to which he shall certify on each bond, and authenticate such registration by his signature and his official seal attached; said bonds, when so prepared and executed, under the supervision of the state board of fund commissioners, shall be sold to the best advantage by said board, but for not less than par. The proceeds of said sale or sales shall constitute a fund to be designated as the capitol building fund, and shall be applied exclusively to the building of a new state capitol at the present seat of government of the state, including the furnishing and other equipment of said building and the purchase by the state of additional capitol premises adjoining those now owned by the state. Provided, that three hundred thousand dollars of said fund, or so much thereof as may be necessary, shall be applied to the furnishing and other equipment of said capitol, and two hundred thousand dollars of said fund, or so much thereof as may be necessary, shall be applied to the purchase of land (adjoining the present state capitol premises) for additional state capitol premises: Provided, also, that said building shall be constructed with native Missouri granite and stone. Contract for contracts for expenditures to carry out the purposes of this act in excess of said three and one-half millions of dollars, with interest collected thereon, shall, to the amount of said excess, be illegal and void and forever non-payable.

Sec. 2. That the general assembly shall and does hereby levy an annual tax of two cents on the one hundred dollar valuation of the taxable property in this state for the payment of the accruing interest on said bonds and for the creation of a sinking fund for the payment thereof, said taxes, beginning with the year 1912, to be levied and collected annually as in case of other state taxes in this state, until said bonds are fully paid.

Sec. 3. That this act shall go into effect and be in force from and after its ratification by the voters of this state at an election, to be held for the purpose, authorized by the general assembly, as contemplated and required by clause 3 of section 44, article IV of the Constitution of this state.

Approved March 16, 1911.

State of Missouri
Department of State
I, Cornelius Roach, secretary of state of the state of Missouri, hereby certify that the foregoing is a full, true and complete copy of the "Proposal of an act of the 46th general assembly of Missouri for the ratification thereof by the voters of said state at an election to be held for that purpose on Tuesday, August 1, 1911."

In testimony whereof, I hereunto set my hand and affix the great seal of the state of Missouri, Done at office in the City of Jefferson, this 8th day of April, A. D. 1911.

CORNELIUS ROACH,
Secretary of State.

SUNDAYS BY APPOINTMENT

NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the undersigned, Dr. Geo. W. Farrar, Administrator of the estate of John William Speck, deceased, will make Final Settlement of his accounts with said estate as such Administrator at the next term of the Probate Court of Iron County, Missouri, to be held at Ironton, in said county, on the 14th day of August, A. D. 1911.

DR. GEO. W. FARRAR,
Administrator.

WHY OWN

WEBSTER'S NEW INTERNATIONAL DICTIONARY

THE MERRIAM WEBSTER?

Because it is a NEW CREATION, covering every field of the world's thought, action and culture. The only new unabridged dictionary in many years.

Because it defines over 400,000 words; more than ever before appeared between two covers. 2700 Pages, 6000 Illustrations.

Because it is the only dictionary with the new divided page. A "Stroke of Genius."

Because it is an encyclopedia in a single volume.

Because it is accepted by the Press as the one supreme authority.

Because he who knows Wins Success. Let us tell you about this new work.

WRITE for specimen of new divided page. C. & C. MERIAM CO., Publishers, Springfield, Mass. Mention this paper, receive FREE a set of pocket maps.

D. 1911.

JOHN WEBER,
Administrator.

NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the undersigned, Willis Day, Executor of the estate of Charles M. Day, deceased, will make Final Settlement of his accounts with said estate as such Executor at the next term of the Probate Court of Iron County, Missouri, to be held at Ironton, in said county, on the 14th day of August, A. D. 1911.

WILLIS DAY, Executor.

We are to vote next year upon a constitutional amendment making the minimum school age five years, instead of six, which is now the youthful limit. The REGISTER is against the proposed amendment, tooth and nail. There is too much school; we begin it too soon and keep it up too long. I allude to the text-book school, of course; that of Experience is another thing—we have it with us all through life, profit we by it or no. The average of human life is thirty-three years, and it seems to me that the part given to scholastic endeavor is out of all proportion. We start our children in at the age of six and at twenty we feel that they are about fitted for a four or six-year college course. And how often the whole expenditure of time and money is wasted! But 'tis the fashion, man, and the quality of the material given to the weaver is not to be considered. The loom's the thing; if it produces a poor broadcloth, that is to be preferred to a web of good, stout, serviceable jeans.

OSTEOPATHIC TREATMENT.

(From Osteopathic Health.)
(Published by direction of Dr. W. J. SMITH, Osteopathic Sanitarium, Ironton, Mo., to whom application for further information may be made.)

ANY FORM OF SICKNESS MAY COME FROM LESIONS.

Reducing such lip cases is one of the things with which osteopathic practitioners have had wide success. They often diagnose peculiar dislocations of this joint and restore order when the best surgeons have been unable to effect cures. If this most pronounced and difficult dislocation of the body may be safely entrusted to the care of the osteopathic physician, how confidently his ministrations may be expected to seek out and correct all lesser forms of dislocations, the lesions which befall the body?

Lesions between backbone and pelvis are very common because that joint is naturally a weak spot. This area gives rise to much of the frailty of women. And many women are conscious of backaches and sore spots there. Those who do are in need of osteopathic relief.

Disturbances in the backbone and between the vertebrae and the ribs may produce weakness and disease of any organ in the body. There is no use of giving a catalog of these diseases here. Heart, lung, stomach, liver, kidney, spleen, bowel, skin, sexual, blood nerve and even mental ills are all produced in this way if sufficient lesions are established to irritate either of the nervous systems, or to disturb the blood supply. Any of the diseases affecting any vital organ may be produced very easily by a lesion at that level of the spinal column which affects that particular organ. Each organ, you understand, has its nourishment regulated by some particular center of the spinal cord.

Lesions are the usual cause of nervous maladies and that is why osteopathy is their natural and most successful cure.

Likewise blood and circulatory disturbances such as anemia and dropsy are to be corrected by osteopathy in the majority of cases—certainly in those cases where cure can be wrought at all.

While we have just been hitting the high places in this hasty review of an intricate study, enough has been said, I believe, to make it plain how lesions occur and why this causes sickness.

Weather Report.

Meteorological report of Voluntary Observer at Ironton, Iron County, Mo., for the week ending Tuesday, July 18, 1911:

Days of Week.	Temperature.		Precipitation.
	Highest.	Lowest.	
Wednesday.....	12	96	64
Thursday.....	13	91	68
Friday.....	14	95	61
Saturday.....	15	96	53
Sunday.....	16	88	66
Monday.....	17	84	48
Tuesday.....	18	89	53

NOTE—The precipitation includes rain, hail, sleet and melted snow and is recorded in inches and hundredths. Ten inches of snow equal one inch of rain. "T" indicates trace of precipitation.

W. H. DELANO, Observer.

Just a few words to those desiring mason work done of any kind. The bottom has fallen out of the prices you used to pay. You can now have your houses plastered for 9 cents per yard, two coats, and your sidewalks, the old style with cheap John bottoms and a top one-half sand and one-half cement for 7 cents per square foot or the better one for 10 cents a foot. That is, made all alike from the top to the bottom, and no top to scale off. Get a good one once and you won't have to build again. Cellars concreted very reasonable and other kinds of mason work, such as stone, brick or concrete foundations, bungalows, chimneys and cisterns, so any one can have a good one and anybody wanting a square deal call on K. S. Honeywell. I will tell you what it is worth to do your work whether I do the job or not.

For Sale or Lease—The Baird home, College street, Arcadia. 3 1/2 acres productive land. Terms to suit. Apply to A. W. Powell, Chemical Bldg., St. Louis, Mo.

REGISTER Office for Job Work.

20 per cent. Discount on all Ladies', Men's and Children's Oxford and Low Cut Shoes of every kind during the clearing sale.
